

Fishing Regulations for The Bahamas

- Each vessel shall use not more than six (6) rods or reels unless the operator is in possession of a permit authorizing the use of more rods or reels;
- Vessels with a valid fishing permit are allowed 20 pounds of scale fish, 10 conch, and six crawfish (in season) per person, at any time.
- All other migratory fish shall be returned to the sea alive unless it is to be used immediately.
- No grouper or rockfish weighing less than three pounds may be taken.
- No spearfishing within 200 yards of any island in the Bahamas.
- It is illegal to use any type of underwater air supply for spear fishing or collecting of any marine life. This includes scuba gear as well as air compressors.
- Spearfishing is restricted to free divers only and only with the use of a Hawaiian sling.
- It is illegal to take coral, tropical fish or sea fans.
- It is illegal for a non-Bahamian to use any type of fishing net, except a cast net.
- It is illegal for a non-Bahamian to use fish traps or to sell marine products of any type.
- Nothing may be taken from Bahamas National Underwater Parks.
- A person shall fish by the traditional method of angling with a hook or lure attached to a line held in the hand or attached to a pole, rod or reel;
- A person, unless otherwise authorized by the respective permit, shall not use a spear, a fish trap, or a net other than a landing net;
- Any migratory fishery resource that is caught shall not in total consist of more than six (6) Kingfish, Dolphin, Tuna or Wahoo per vessel and any resource not intended to be used shall not be injured unnecessarily but be returned to the sea alive;
- No vessel shall have on board any conch, turtle or more than twenty pounds of any demersal fishery resources (groupers, snappers, etc.) per vessel at any time and excluding not more than six crawfish per vessel.
- No vessel shall have on board any fish unless its head and tail is intact.
- The general public is advised that the Queen Conch (conch) is considered to be an endangered species throughout much of its range within the wider Caribbean area, including The Bahamas. The Government, in an effort to ensure the continued sustainability of local conch stocks, has decided to prohibit the harvesting of the species by foreign boaters.

Fishing Regulations Updated 4/2014

To protect the marine environment, possession of spear guns and spear fishing using scuba gear are illegal in The Bahamas, although free diving with a Hawaiian sling is permitted.

Permits - Permits can be obtained from Customs officials at ports of entry. Fishing gear is restricted to hook and line and you may not fish with more than six rods at a time.

Bag limits

Lobster or Crawfish: Six tails per person, at any time. Annual closed season is 1 April to 31 July. Minimum size limits are 3 3/8" carapace length or 6" tail length. Egg-bearing female crawfish are protected.

Conch

Harvesting and possession of conch without a well-formed lip is prohibited. Bag limit at any time is 10 per vessel.

Wahoo/Dolphin/Kingfish

Six fish per person, in any combination.

Stone Crabs

Closed season is 1 June to 15 October. Minimum harvestable claw is 4". Harvesting of females is prohibited.

Turtle

Illegal to import although legal to eat in The Islands of The Bahamas.

Spearfishing

A Hawaiian sling is the only approved spearfishing device. Use of scuba gear or an air compressor to harvest fish, conch, crawfish and other marine animals is prohibited. Spearfishing is not allowed within 1.6 km off the coast of New Providence, within 1.6 km off the south coast of Freeport or Grand Bahama Island, or within 200 yards off the coast of all the Out Islands. Spearing or taking marine animals by any means is prohibited within national sea parks.

Vessel bag limit

20 pounds of scalefish, 10 conchs and 6 crawfish per person may be exported from The Islands of The Bahamas. Closed season on grouper from Dec-Mar.

CUSTOMS & IMMIGRATION FOR BAHAMAS AND US

ENTERING THE BAHAMAS

The policy for vessels clearing into the Bahamas is as follows: A pleasure vessel arriving in the Bahamas shall be subject to a fee of \$150 for boats under 35' and \$300 for boats over 35'. This covers the cost of an initial-entry **cruising permit**, plus a **return visit** within ninety (90) days; a vessel would be exempted from additional fees within that 90-day period, except for transportation fees if officers have to come to your boat a second time in 90 days. This also covers a three-month **fishing permit** and any **attendant fees** payable to a Customs Officer, as well as any **overtime and travel** costs required for the attendance of an Immigration Officer (no transportation charges when clearing at a government dock), plus the \$25 departure tax should you need to fly home. (Bring a copy of your cruising permit to the airport.) Each additional person over three persons will be charged \$25. No charge for children under 6 years old. There should be no overtime, holiday, or transportation charges above this *initial* clearing-in fee, though charges might be made for the second entry within 90 days. Ask for a receipt, get the name of the officer, and call Customs (302-3509) or Immigration at Prince George's Dock (323-3330) in Nassau if you have any problems. You may want to call Customs before you cross the Gulf Stream into the Bahamas to verify fees. Crew members arriving by air and departing by boat should purchase roundtrip tickets. **FEES SUBJECT TO CHANGE.**

BAHAMIAN PORTS OF ENTRY

- THE ABACOS: Green Turtle Cay, Marsh Harbour, Spanish Cay, Treasure Cay, or Walker's Cay
- ACKLINS: Spring Point (Commissioner only)
- ANDROS: Congo Town, Fresh Creek, Mangrove Cay, or Morgan's Bluff
- THE BERRYS: Chub or Great Harbour Cays
- BIMINI: Alice Town or South Bimini
- CAT CAY: Club Marina
- CAT ISLAND: Arthurs Town, Smith Bay, New Bight, or Hawks Nest
- CROOKED ISLAND: Colonel Hill
- ELEUTHERA: North Eleuthera Airport, Governor's Harbour, Harbour Island, Rock Sound, or Spanish Wells
- THE EXUMAS: George Town and Emerald Bay Marina
- GRAND BAHAMA: Freeport Harbour, Grand Bahama Yacht Club, and Port Lucaya; Old Bahama Bay at West End
- INAGUA: Matthew Town
- LONG ISLAND: Stella Maris, Deadmans Cay Airport, or Clarence Town
- MAYAGUANA: Abraham's Bay (Commissioner only)
- NASSAU, NEW PROVIDENCE: Any marina

- SAN SALVADOR: Cockburn Town

WHAT TO DO

- Hoist the yellow quarantine flag near a port of entry.
- Report to a Customs and Immigration facility as soon as possible upon entering Bahamian waters.
- Only the captain may go ashore to clear Customs. No others are allowed off the boat until the vessel is cleared.
- The captain should have the following information ready for officials: ship's documentation/registration, passports for all persons aboard, pet import permit, and firearms information (make, model, serial number and number of rounds or ammunition—don't take weapon).
- Treat officials with respect; follow their instructions.
Be courteous and neatly dressed. Officers may limit the stay of anyone deemed a security threat or who may be seeking to take the jobs of Bahamians.
- After receiving your cruising permit, take down your "Q" flag and hoist your Bahamian courtesy flag (cruising pennant).

IMMIGRATION NOTES

There is no evenly applied policy for Bahamas Immigration in terms of length of stay granted to persons on cruising boats. A wide diversity exists at various Ports of Entry. The statutory regulations allow all persons a stay of 3 months with a maximum of 8 months, as deemed appropriate by the clearing officer; however, that is a courtesy, not a guarantee, and it does not apply to all nationalities. Sometimes, less time is granted. You **may** be asked to present a Visa in order to stay longer than 3 months, but not necessarily. The Visa would have to be secured from your Embassy at home or in Nassau or from the Bahamas Embassy in Miami. See our *Bahamas Chatter* for updates at <http://chatter.explorercharts.com>.

Yachtsmen who are given less time than they desire can apply for an extension if they come in to an office a couple of days before their permit expires, or on the expiration date. Arrangements can be made for extenuating circumstances, such as weather preventing arrival at a Port of Entry on the due date. If you have any problems, 1) Ask to speak to the Immigration Officer's supervisor (if there is one), 2) Call Immigration Nassau **323-3330** or Exuma **225-1349**. Renew and extend your immigration card at an Immigration office where you are near the time of expiration.

The best places to clear in, as far as getting a longer stay, are locations with both a Customs Officer and an Immigration Officer, such as Nassau, Bimini, West End, Port Lucaya, and Marsh Harbour. Judgments are made by individual case and are still "at the whim of the officer."

FIREARMS

Bahamian law permits firearms on your vessel as part of your ship's equipment. They must remain aboard in a secure compartment. In the event of your being boarded by Customs or the Royal Bahamas Defence Force, the information on your cruising permit will be checked carefully against your actual supply. Ammunition must match the number on the cruising permit. In case of an emergency departure by air, you must leave your firearm(s) with local Bahamian Police or Customs. It will be returned when you present your receipt.

PETS

If you wish to bring a pet aboard when cruising the Bahamas, secure a permit before you leave home. An application will be sent to you if you write to: Department of Agriculture, P.O. Box N-3704, Nassau, N.P., Bahamas. You may expedite the process

by calling 325-7413/7509 or faxing 325-3960 or go in person to the office on East and Bay Streets, Nassau, opposite the Shell station. Expect to pay a \$10 fee. Send Postal Money Order made payable to the Public Treasury. Do not send a US dollars check or cash with your application. To receive your certificate by fax, include an extra \$5 and your fax number. In addition, you will need a health certificate for your pet from your veterinarian to present to the Customs officials when you clear in.

FISHING LICENSE

At the time of clearing Customs, you will have an opportunity to obtain a fishing license as part of the fee. If you intend to troll or spearfish (fishing with SCUBA equipment or speargun is illegal), ask for a fishing endorsement. Details of fishing regulations are on the permit.

SPECIAL REMINDERS

When leaving home, make sure you have three flags for cruising in the Bahamas—your country's flag, a yellow quarantine flag, and the Bahamian courtesy flag.

Your vessel's temporary cruising permit is for one year from date of entry. It may be renewed for up to two additional years by written application to Bahamas Customs, Nassau, prior to expiration and with payment of \$500 per year. To leave your boat in the Bahamas permanently, you must pay an import duty of 10% for vessels of any size.

At your first opportunity, make copies of your cruising permit. If you need to fly home, you will need a copy of your permit, as well as your passport, to present to your airline and Bahamas Immigration when you reenter the Bahamas. Leave the original on the boat.

As of December 2013, cruising visitors with a valid Bahamas Temporary Cruising Permit are still allowed to import boat repair/replacements parts for engines DUTY FREE. In addition, there is a 10% duty on printed matter and original artwork. This policy is subject to change. Call Bahamas Entry Checking in Nassau Harbour Office at 322-8791 to get the up-to-date policy.

EXITING BAHAMAS/ENTERING U.S.

It is not necessary to clear out of the Bahamas when going farther south or entering the U.S. When entering the States, you must clear in with U.S. Customs. You can make an appointment for an interview with one of the Ports of Entry below to appear in person and pre-register under the "Local Boater Option" before you go to the Bahamas. You will need passports, vessel information, names and dates of birth, last port of call, purchases. After an interview, a free pleasure boat registration number will be assigned. The most convenient ICW location is Riviera Beach, Florida M-F, 8-4, One East 11th Street, (561) 848-6922.

When you return to the U.S., call the appropriate number. You may be asked to appear personally at the nearest Immigration Office. Be prepared to leave your boat and get a ride there if necessary. However, by choosing the Local Boater Option, your chances are greater that you will not have to report in person to clear in when you return from the Bahamas. You may be able to clear in over the phone.

Non-U.S. recreational vessels must submit a Notice of Arrival. See <https://enoad.mvmc.uscg.gov> or call 800-708-9823/304-264-2502.

If you are clearing back in to the U.S. anywhere from the Sebastian Inlet south down the east coast of Florida, including Ft. Pierce, Palm Beach, Ft. Lauderdale, and Miami and on through the Keys to Key West and as far north on the west coast as Ft. Myers, the correct phone numbers are 800-432-1216 or 800-451-0393. If the number keeps ringing and is not answered or if you are put on hold for longer than 20 minutes, call back the next day. The least busy times to call are during business hours on weekdays. Weekends and evenings are busier times for U.S. Customs so you may have to wait longer. Once you clear Customs, you will likely be asked to call Immigration as well.

U.S. vessels of 30+ ft. must display a Customs User Fee Decal and be prepared to give the decal number when clearing back in to the States. The new Decal and Transponder Online Procurement System (DTOPS) replaces the previous online system. To procure your Decal, go to <https://dtops.cbp.dhs.gov>. > Sign in with your DTOPS user name and password or register under New DTOPS User. > You can print an application online for a mail-in registration, call, or email to have one sent to you. For technical assistance, call 317-298-1245 or e-mail decals@dhs.gov. Check the website for updated information before you leave.

Passports Required for Air Travel to United States as of January 23, 2007

The Departments of State and Homeland Security requires citizens of the United States, Canada, Mexico, and Bermuda to present a passport to enter the United States when arriving by air from any part of the Western Hemisphere.

This change in travel document requirements is the result of recommendations made by the 9/11 Commission, which Congress subsequently passed into law in the Intelligence Reform and Terrorism Prevention Act of 2004. These new travel document requirements make up the Departments' Western Hemisphere Travel Initiative (WHTI). In order to obtain national security benefits as quickly as possible, and to expedite the processing of arriving passengers, the plan will be implemented in two phases.

Regulations are published can be viewed at www.regulations.gov. That rule is also available on the Department's consular web site, travel.state.gov and on the Department of Homeland Security's web site, www.dhs.gov.
